

S.O.S. Save Our Sharks

is the only visual compendium of all 200 species of Philippine sharks,
many of which are critically endangered and extremely rare.

The scientific information of each shark is in the file metadata.

Save Our Sharks

An abstract painting of a Bignose Shark. The shark is depicted in a light brown and tan color, swimming horizontally across the center of the frame. The background is a vibrant, textured composition of various colors including deep blues, bright yellows, oranges, reds, and purples, suggesting a dynamic underwater environment. The painting style is expressive, with visible brushstrokes and a rich, layered texture.

Three sharks are depicted swimming in a vibrant red ocean. The sharks are rendered in a realistic style with detailed scales and fins. They are positioned diagonally across the frame, moving from the top left towards the bottom right. The largest shark is in the foreground, with two smaller sharks behind it.

An abstract background featuring a vibrant yellow field filled with various organic, hand-drawn shapes in shades of orange, brown, and tan. These shapes vary in size and form, some resembling elongated ovals, others more angular or cloud-like, creating a textured, layered effect.
